Highly qualified Medico-legal consultant on board to provide valuable advice and expertise.

Dear all,

We, the Medical Risk & Claims Management Services (MRCM) are very pleased to inform you that MRCM in collaboration with **Great Eastern General Insurance Malaysia Berhad (GEGM)** are proudly launching the locally underwritten Professional Indemnity Scheme for medical doctors, dentists, pharmacists and allied healthcare services professionals.

We have a highly qualified consultant on board to provide valuable advice and expertise. Dr. KM Ponnusamy MBBS (Belgaum) LLB (Hons) (London) CLP (Mal) has two decades of experience in medical risk management and is currently practicing as a medico-legal consultant. He has investigated and reviewed over 1,000 medico-legal claims as a specialty adjuster for insurance companies. He has represented the medical profession in the Preliminary Investigation Committee (PIC) hearings at the Malaysian Medical and Dental Councils apart having been a member of the Medicine Advertising Board, the Poisons Board, Drug Control Authority and a host of others associated with medical risk management. He continues to be a member of the National Patient Safety Council at Ministry of Health and Member of the Ethics Committee of Malaysia Medical Association and Pharma Ethics Committee. By virtue of his vast experience in handling over a thousand medico-legal claims, MRCM is in a position to advise the policy holders & insurers in the nature of claims, their management and the process of handling claims.

We are the **PIONEER** to offer Medical and Dental Indemnity Insurance Scheme for Doctors and Dentists in Malaysia in the collaboration with Local Insurers since 1994. The Professional Indemnity Insurance, which when we began in 1994, was only for the General Medical Practitioners being the **FIRST** ever in the country. Having successfully managed the scheme for a decade, we decided to extend the scheme to General Dental Practitioners and the Pharmacists in 2004. Again they were the **FIRST** in the country for these Professionals. After more than a decade, we are **EXTENDING** the scheme to all **DENTAL** Professionals, Generalist, as well as Specialists **AND** also to a range of Medical Specialists apart from the General Practitioners whom we have been catering for since 1994. Our track record on Our Products, Services, and Claims Management speaks for itself.
